

Nursing Care at St. Bonifatius Hospitalgesellschaft

Professional Care in the Facilities of Our Association

- Outpatient nursing care
- Inpatient care in nursing and retirement homes
- Nursing care in hospitals

„Connected to the people“

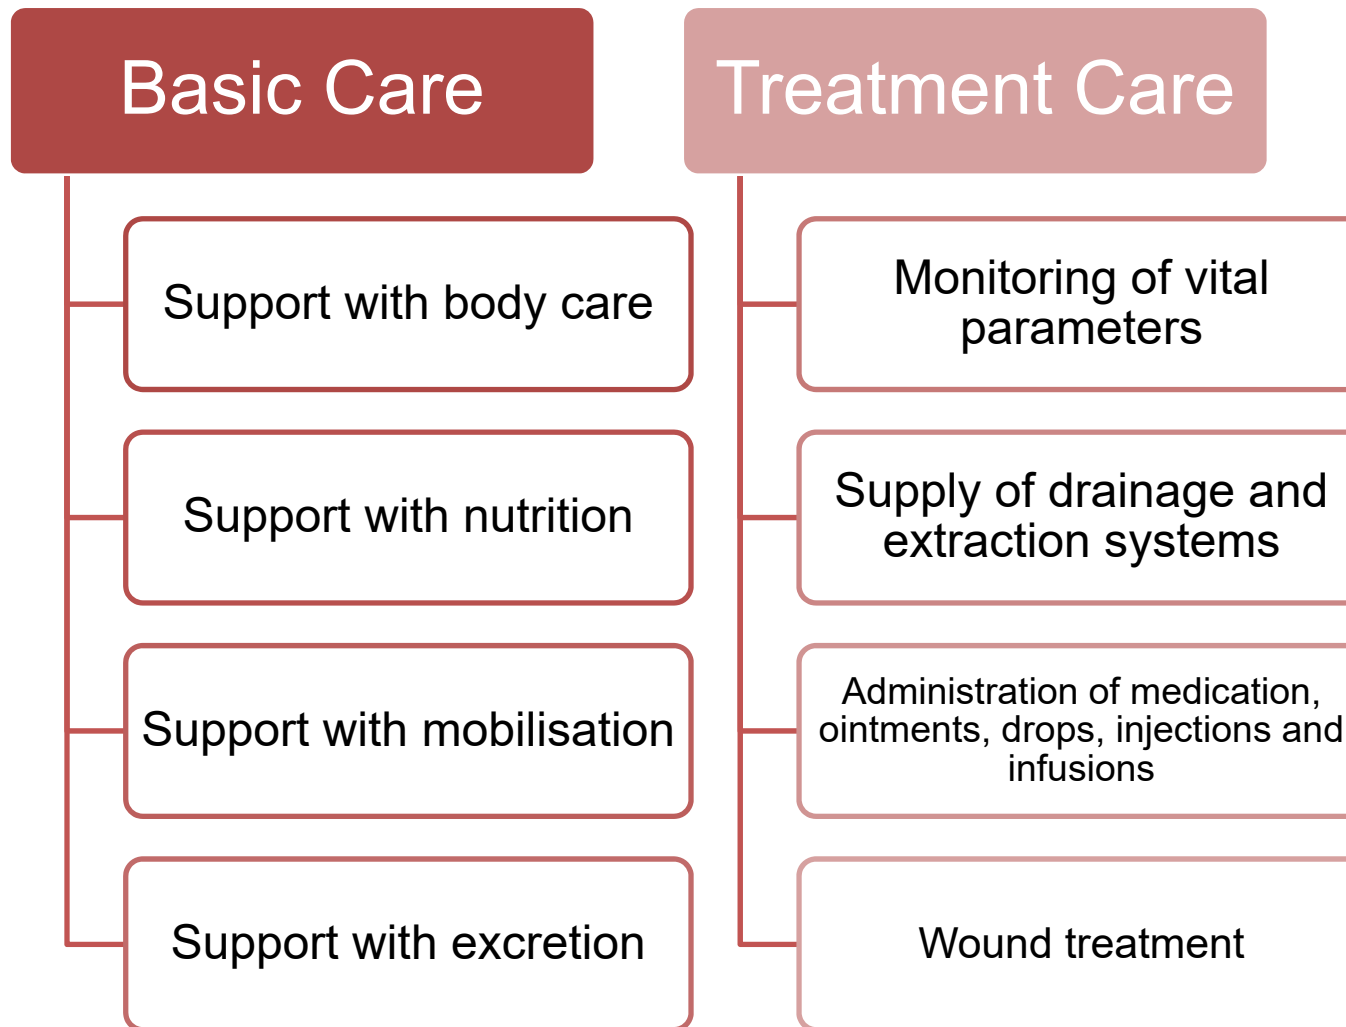

Nursing Care in Germany – Close to the People

- Professional care includes the independent care and support of people of all ages
- Nurses see themselves as part of a multi-professional team with doctors and therapists
- Counselling and guidance play a major role in all care measures
- Relatives are very welcome and can provide support - but most of the time the professional nurse is responsible for the care
- We differentiate between basic and treatment care
